Livermore Riverfront Park

RIVER WALK

ENGRAVED BRICK ORDER FORM

Thank you for your purchase of a ten foot section of Livermore's future six foot wide concrete river walk connecting the RV Park to the Rough River Nature Trail. You are invited to order a personalized brick, which is included in your $250 contribution, as a statement of your support for the project. You may want your name inscribed, or to memorialize a deceased family member, or to recognize a past or present business or organization. Please print legibly on the form in order for the engravers to accurately prepare your personalized brick. Any periods, punctuation, or space between words or names count as a space. You will be limited to three lines of engraving, and no more letters, periods or spaces than are shown below on each line. If you have any questions, please contact Dr. Ralph Thacker at 270-278-2385 or 270-278-2954.
